Summary

Focused and execution-driven IT student who actually ships projects instead of just listing skills. Strong in JavaScript, React, Java, C, and Python, with a track record of building fast, clean, and usable products end-to-end. Solid understanding of DSA, OS, and system fundamentals. Comfortable debugging, optimizing performance, and learning new tools quickly. Always pushing for practical, working solutions rather than academic theory. Looking to contribute to teams where speed, clarity, and real problem-solving matter.

Education

Netaji Subhash Engineering College

Bachelor of Technology in Information Technology (CGPA: 7.47)

August 2023 – June 2027

Kolkata, West Bengal

Projects

Video Calling Chat App | *MongoDB, Express.js, React, Node.js*

September 2025

- Built a real-time video calling and chat app using WebRTC, React.JS, and Node.js for seamless peer-to-peer communication
- Implemented secure authentication and dynamic room creation for private video and chat sessions.
- Used MongoDB for message storage and optimized async event handling for smooth streaming performance.

Text To Image Generator | *React, Tailwind CSS, Clipdrop API*

September 2025

- Developed an AI-powered image generation application, enabling users to create unique images from descriptive text prompts.
- Integrated the Clipdrop API to process user input and render high-quality visual content, enhancing creative workflows.

Simon Game | *HTML, CSS, JavaScript*

April 2025

- A Simon Game is a digital version of the classic Simon Says memory game.
- The game challenges players to repeat increasingly complex sequences of flashing colors, testing their memory and concentration.

Personal Portfolio Website | *React, Next.js, Tailwind CSS*

September 2025

- Developed a fully responsive personal portfolio to showcase my projects, skills, and experience.
- Implemented dynamic components, smooth animations, and a contact form using modern web technologies.

Achievements

- Participated in Smart India Hackathon 2025.
- Instigate Open Source GitHub Certificate - GDSC

Profile Links

- Leetcode
- GitHub

Technical Skills

Languages: C, Python, Java, JavaScript, SQL

Frameworks: Express.js, React.js, Next.js

Developer Tools: Git, Docker, VS Code
